## THE MONTANA KAIMIN

STATE UNIVERSITY OF MONTANA, MISSOULA, MONTANA

FRIDAY, MARCH 25, 1927

VOLUME XXVI. NUMBER 42.

MILBURN TO FORM BATTALION  
FOR SPRING MILITARY DRILLCompanies to Have Athletics  
—Plan for a Review at  
Close of Year

On Monday afternoon, from 3 to 6 o'clock, the Grizzly battalion will have its first formation of the spring quarter. The period will be taken up with the organization of the battalion, explanation of the work to be accomplished and some preliminary drill.

Company rosters will be posted today on the bulletin board in the ROTC building showing each man his rank and company. Three companies will form the battalion this year instead of four as last year. The battalion staff will include William Orton, major; Captain Donald Moore, adjutant; and H. P. Brown, sergeant major. Men enrolled in the advanced courses in military will make up the officers' personnel. These men have already been assigned.

## Arms to Be Issued

After drawing rifles from the armory the battalion will form on the field west of the ROTC building. Company A will use rifles on the top racks along the wall in the gun room, Company B, the rifles on the bottom rack along the wall and Company C the rifles in the center rack. The companies will then assemble around their company guidon, preparatory to formation. Under the command of the first sergeants the formal organization of each company will follow.

## To Select Captains

After the formation, each company will elect team captains for the battalion competitions during the quarter. All athletic contests will be under the direction of Harris Adams, director of intra-mural athletics. Each company will have an athletic officer appointed to have charge of all teams in his company. This officer will be one of the commissioned men. The plan for this series will include competition in rifle shooting, baseball, basketball, indoor track, outdoor track, and horseshoe pitching. Suitable banners, now on display in the ROTC headquarters, will be presented to the company winning each event. This is the first year that competition of this nature has been attempted. In order to insure keen competition among the companies, the personnel of each company is made up of men more or less associated in the different schools of the University.

## Field Day Planned

To appropriately end the quarter, the ROTC authorities are planning a military field day whereon competitive drill and a track meet between companies will feature the day. The best drilled soldier, squad, platoon and company will be picked at this time.

Other plans are brewing for the quarter but are not ready for release. However, one of these decided upon is to have a reviewing stand every Monday afternoon for battalion parade from 5 to 6. At each review some organization on the campus or uptown will be asked to review the battalion. Members of the faculty, honorary organizations, military organizations, and service clubs will all be asked. In all, it is planned to make this year the best of all years and to produce a snappy, well drilled unit.

PHYS ED DEPARTMENT  
OFFERS COURSE IN GOLF

Golf will be a new course that will be added to the Physical Education department for the spring quarter. All students interested must see E. A. Atkinson, assistant professor of psychology, and acquire a season ticket, which will cost \$5. Credit will be given to students who have not completed their physical education requirements. These students must see W. E. Schreiber, professor of physical education, and Miss Mary Laux, assistant professor of physical education.

FROSH BOY QUARANTINED  
WITH GIRLS IN SORORITY

Boulder, Colo.—(IP)—Thomas Marshall, freshman at the University of Colorado, recently went to call on a co-ed at one of the local sorority houses. No sooner had he entered the door than a health officer quarantined the house for scarlet fever. Over the phone Marshall complained that while the fifteen girls were all very nice, they made him wash the bowls and pans every night.

Enil Ostrum left last week for Great Falls, where he has obtained work. He will return to school next fall in time for football.

Schencks Bid Adieu  
to University Friends

Dr. C. A. Schenck, who has been lecturing in the School of Forestry for the past three months, left last evening with Mrs. Schenck for New York where they will sail for Germany. Dr. Schenck, in saying "good-bye" in his quaint old German accent, sincerely expressed his and Mrs. Schenck's regrets upon leaving. "We have spent one of the happiest and most invigorating years of our lives, and we hate to leave you dear people at the University of Montana. The friends we have made have been many and numerous and above all real, while we made many last year there was just some little difference. We hope to return to Missoula at some time in the near future."

BEAR PAW DISCUSS  
TRACK MEET PLANSFrosh Must Don Green Caps;  
Group Orders New Spring  
Sweaters

Discussion of track meet plans, designing of a new sweater and a decision that the frosh should don their official garb, the green hat, constituted the business of the first Bear Paw meeting of the spring quarter, in Main hall Wednesday afternoon.

Chief Grizzly Art Burns acquainted the members with duties during track meet. A committee consisting of Carl Ross, Rodney Zachary and Fred Ironsides was appointed to compile a list of all University students and townspeople possessing cars who will be willing to help in transportation. Another committee, with Sid Stewart as chairman, was appointed to check on trips that each car makes in order to make a correct refund on gasoline and oil and to keep accurate account of the cuts Bear Paws take from classes while meeting trains.

As has been the custom in the past, the frosh are instructed to appear on the campus with green caps beginning Monday morning.

The Bear Paws decided to adopt a light, white sweater, with copper, silver and gold stripes on the cuffs and a small emblem sewed on the left side. They will be almost identical with the present sweater, except for the sweater type which is considered to be much more comfortable to wear during warm weather.

The next meeting will be held some time within the next two weeks.

SPEELMAN LEADS GROUP  
VOLUNTEER DISCUSSION

Rex Speelman, member of the Student Volunteer group, led a discussion held at the home of Dean R. H. Jesse, Tuesday night.

During the first year of the group's organization there were five members, the second year 13, and this year there are 23. Of this organization nine are going into foreign field service, two into religious education, three into the gospel ministry, one into home missions, and four into some kind of social service work under church auspices.

BIOLOGY INSTRUCTOR  
RECEIVES FELLOWSHIP

Murville J. Harbaugh, assistant instructor in the Biology department, has received a teaching fellowship at Johns Hopkins university in Baltimore, Maryland.

Mr. Harbaugh is a graduate of the University of Montana, having received his B. A. in biology in 1926. He expects to leave Missoula October 1 to take up his work in Baltimore. He will do advanced work for his Ph.D. degree and instruct in Embryology and Comparative Anatomy.

RUSSELL ART EXHIBIT  
IN MAIN HALL SUNDAY

Clifford Riedel's memorial Russell art exhibit is to be put in place in the Studio today. This exhibition will consist of four original paintings and more than 100 reproductions. These reproductions are done in pen and ink, water colors and oil.

The studio is to be open Sunday afternoon from 3 to 5 o'clock for the benefit of the townspeople and all the students who wish to attend.

FORESTERS TO STAGE  
TRIANGULAR CONTESTLumber Industry, Forest Service,  
Forestry School, Will  
Participate

Next Wednesday evening, March 30, the first annual meet between the Lumber Industry, the Forest Service and the Forestry school will be held. This is the first time that a meet of this sort has been staged heretofore the dual meet has always been held between the Regulars and the Short-horns. Since the Short-horns no longer exist, interest must be aroused in some manner or means, so the triangular meet was planned.

The public is invited to attend the affair—at the men's gymnasium, next Wednesday evening, at 7:30. The events are many and varied and the excitement reigns high. Some of the contests will be rope climbing, tug-of-war, wrestling, leg wrestling, hand wrestling, packing contest, three-legged race, roping, tilting, four-man relay race with pack, chopping, sawing—and EATS! The points offered in most of the events will be 5-3-1, for the first, second and third places, respectively. Dean Spaulding is announcer. "Doc" Schreiber is timer, Jim Stewart—starter, while the judges for each event consist of one representative of the staff of each concern competing.

## A Thrill Promised

According to the committee in charge, consisting of Fay Clark, chairman, Lanky Spaulding and Paul Bischoff, the Forest Service and the lumber men are out to win. But after looking over the list of contestants who recently signed up, the race is going to be spirited and closely contested.

Prizes are to be offered. Logging shoes will be awarded to the high point winner, donated from the Missoula Mercantile; a stag coat to the winner of the chopping contest, from the Missoula Mercantile; and a stag coat to each of the two men winning the sawing contest, one to be presented from the Yanit-Dragstedt company, and the other from easterners.

EGGS AND VEGETABLES  
RAIN IN CITY OF BOSTON

Boston, Mass.—(IP)—When more than two thousand Northeastern university students paraded here recently in honor of their new sled dog mascot, Husky, the gift of Leonard Seppala, famous northwest musher, they were pelted with eggs, vegetables, and frozen snow by 700 Boston university undergraduates.

Seppala himself was forced to dodge the barrage which showered the dog on which he rode with his float, an Eskimo, and several co-eds. The Northeastern students countered by cheering for Boston university.

BRADLEY WILL LEAVE SOON  
ON TRIP TO MINNEAPOLIS  
IN INTERESTS OF NEW BOOK

J. H. Bradley, assistant professor of geology, will leave for Minneapolis April 11, where he will confer with associates about material to be used in a geology textbook.

Professor Bradley recently had a story accepted by the Forest and Stream magazine which will probably be published in the May issue.

Mr. Bradley will take another trip in the interest of the Geology department in the last of April. This trip will be to Livingston.

Professor Bradley states that the enrollment in the Geology department is unusually large this quarter. Five girls have been refused admission to the class. The course consists of a week's field trip during the Inter-scholastic meet.

MERRILL AND VIERHUS  
LEAVE FOR ABROAD

"Buck" Merrill and "Lou" Vierhus left Missoula last Saturday morning for their three months' trip abroad. The tour does not start until April 9, at which time they will sail from New York, but Merrill and Vierhus are going to make some visits on their way back east. Some of the places they intend to visit are St. Paul, Chicago with Doc Keele, Buffalo, and Boston with Marge Wilkinson.

## Pilgrim Club to Meet

Plans for the spring meetings of the Pilgrim club will be discussed by President Donald Moore at a meeting of the organization Sunday night at the University Congregational church. At that time the cup which the club won in the Interchurch basketball tournament will be displayed.

## NOTICE, FROSH!

All frosh are hereby notified to wear green hats immediately.

Fees Must Be Paid  
Before Saturday Noon

Students who registered in advance, that is on or before March 11, have until Saturday noon to pay their fees, according to official announcement from the business office. Those who registered after that date must pay their fees before they can complete their registration. A fee of \$1 a day will be charged students who fail to pay their fees on the date specified. These fees will be allowed to accumulate up to a maximum amount of \$5.

Those students who registered in advance and have since found that they are unable to attend school the spring quarter should notify the registrar's office at once. The registration of all students who have enrolled in advance and have neither paid their fees or made arrangements for future payment will be cancelled after April 4.

W. P. CLARK TO READ  
AT THEATER SUNDAY

Poetry of Edwin Arlington Robinson, whom critics proclaim to be our greatest living poet and a great writer, will be read by W. P. Clark, professor of foreign languages, next Sunday afternoon at the Little Theater at 3:30 o'clock.

In the '90's Robinson issued a little book of poems which received much favorable comment. The poems reveal an artist, a thinker and a gentle, sympathetic man.

Robinson sometimes translates from Greek. Professor Clark will read in Greek a poem or two from Sophocles with Robinson's translation.

The readings are open to all, and the public is cordially invited. A series of readings will be given on each Sunday throughout the spring quarter by different professors on the campus.

Former Student Excels  
in West Point Events

Cadet Carl S. Graybeal, former University student, recently won first place in the rope climbing event in the thirty-third annual inter-class indoor meet of the corps of cadets at West Point, as announced by a school bulletin.

Graybeal was appointed to the military academy in 1923 by former Representative Washington J. McCormick. He was a member of the West Point hockey squad in 1923-24; a member of the gym squad in 1926 and 1927; qualified as rifle and pistol marksman in 1925; was appointed cadet corporal in 1925 and first sergeant and lieutenant in 1925; was a member of the plebs detail in 1926; participated in the Hundredth Night show of 1924; has been a member of the class election committee in 1925-26 and 1926-27; and has been elected Hop manager for 1926-27.

ASUM STORE DISPLAYS  
SENIOR ANNOUNCEMENTS

Senior announcements and personal cards may be ordered now through the ASUM store. The announcements which are being engraved by Autrey Bros., Denver, will sell at 14 cents each.

The announcements were chosen last quarter by a committee of seniors consisting of Phil Ring, Pauline Swartz and Kathleen O'Donnell. Samples of the announcements may be seen at the store. All final orders must be in by April 15.

IDAHO BOARD SEEKS CUT  
IN ATHLETIC EXPENSES

Moscow, Idaho.—(IP)—If expenditures by the athletic board of the University of Idaho are not soon brought within reason, that University will not long be allowed to remain a member of the Pacific Coast conference, according to the executive board of the ASUL.

The fire of the board was aroused by a report submitted for the expense of one man sent to "scout" a game at Chicago, in which the expense account allowed \$18 for meals on the dinner between Chicago and Moscow, a trip of approximately one-half days. The board also objected to other expenses of the football and basketball teams which it termed as "unnecessary."

ALPHA DELTA ALPHA  
GETS KAPPA SIGMALocal Fraternity, Founded in 1916,  
to Become Delta Omicron Chapter  
of National

Alpha Delta Alpha, men's local social fraternity, has been granted a charter in Kappa Sigma national fraternity, and will become Delta Omicron chapter. Alpha Delta Alpha has been petitioning this fraternity for the last two years. Word of the favorable action by Kappa Sigma was received last Monday.

Kappa Sigma has 102 chapters in universities and colleges of the United States, Montana's chapter making 103. Kappa Sigma was founded at the University of Virginia in 1879 and since has established its various chapters in all of the representative institutions of the country.

## Local Founded in 1916

Alpha Delta Alpha was founded in January, 1916, and was the continuation of a group known as the Authentic society. This society was formed in 1913 for the purpose of literary study and later the fraternity was formed for social purposes. Since its inception on the campus this fraternity has been active in the academic and social life of the school.

Kappa Sigma is the eighth national fraternity to come on the campus.

Smith Will Review  
Dorsey's New Book  
at Forum Meeting

F. O. Smith, head of the Psychology department, will review George Dorsey's "Why We Behave Like Human Beings," at an Open Forum to be held Sunday night at 7:45 at the University Congregational church.

George A. Dorsey, former associate professor of anthropology at the University of Chicago and curator of anthropology at the Field Museum of Natural History, has given in a scientific manner to his layman readers the animal background of human beings and their behavior as seen through the eyes of the new psychologist. Although written in an unusual style the author sacrifices nothing of the science for the sake of reader's interest.

GYM CLASSES FOR WOMEN  
TO BE HELD OUTSIDE; GOLF  
COURSE IS NEW FEATURE

All women's gym courses, with the exception of swimming, will be held in the open air for the spring quarter. Tennis seems to be the most popular course this spring with track running a close second. The section of the men's old cinder track back of the women's gym is being re-rolled and cindered in order to give our "Norman" a sporting chance to boost a few established records in the inter-class track meet to be held later in the quarter.

The inter-class tennis tournament that was interrupted by early blizzards last fall and the annual inter-class baseball games will also be played in May.

Golf is a new course offered in the Physical Education department for credit. A greens fee of \$5 will be charged to all who enter the course; this will allow those taking the course for credit to play on the old Country club links and receive instruction there from 1:30 to 3 o'clock every afternoon from George Snyder.

FROSH HONOR SOPHS  
ON APRIL FOOL'S DAY

Members of the class of '30 are formulating plans for their annual frolic, this year an April Fool's day, on April 1, at the Winter Garden. The affair is given in honor of the sophomores.

Many features and novelties are being planned. Sheridan's 10-piece orchestra will play. The dance will be informal and a street car will be chartered for transportation.

Upper classmen will be charged one dollar. Tickets will soon be on sale by members of the freshman class.

Chairmen of committees are Russell Smith, chairman; Jane Chappel, programs; Geraldine Gray, chapters; William Haggerty, advertising and features; Bruce Toy, transportation.

## Housman to Address Local Club

R. J. Housman, assistant professor in the School of Journalism, will address the Missoula As You Like It club, which meets Tuesday afternoon. Professor Housman will speak on "Literature in Russia."

MONTANA DEBATE TEAM WINS  
DECISION IN UTAH CONTESTDean Coon Accepts  
Position at Washington

Shirley J. Coon, dean of the School of Business Administration, has accepted a position as professor of graduate work in economics at the University of Washington, but will not leave Missoula until the close of the summer school session.

After five years of work in economics at Ohio state university, Dean Coon was called to Montana in the fall of 1919 to organize a School of Business Administration. For eight years he has been at the head of the school and has, since the death of Dr. J. H. Underwood, acted as the head of the Economics department.

ABSENCE REPORTS  
MUST GO TO NURSE

For the benefit of new students, the registrar's office has called attention to the regulation which requires that all illnesses for which excuses have to be presented to the absence committee must be reported to the University nurse at the time of the absence. This report is required even if no health service has been paid for and even if the personal attention of Mrs. LeClair is not necessary.

Furthermore, all excuses must be presented to the absence committee not later than the second meeting of the absence committee after the absence has been incurred. Students have been so careless about complying with these regulations and so much trouble has arisen in consequence that the committee is issuing warning that absolutely no exceptions or leniency will be allowed in the interpretation of this rule.

As the military science class is scheduled to meet on Monday, from 3 to 6, the absence committee will change its time of meeting to Wednesday, at the regular hour, 4:30 to 5:15 o'clock.

DRUIDS WILL HONOR  
COL. W. B. GREELEY

Colonel W. B. Greeley, chief of the United States Forest Service, and his staff are scheduled to inspect the Forest Service here in Missoula the first part of next week.

For his honor the Druids, of the School of Forestry, are planning a banquet to be given preferably on the campus, next Wednesday evening at 6 o'clock. After the banquet a special meeting of the Forestry club will be called by Lanky Spaulding, president, so that the Forestry students will all have a chance to meet Colonel Greeley. After the Forestry club meeting the party will progress to the triangular meet. The plans are yet indefinite but the committees in charge are working on final arrangements.

OTHOMCLEAN DIRECTS  
RELIGIOUS DISCUSSIONS

Five religious discussion groups, under the leadership of Othomcleon of the University Christian Union, met at South hall last night to discuss this subject: "What Is the Effect of Campus Life on the Development of Spiritual Values?"

Every Thursday night for six weeks, from 7 until 7:30, the groups will meet in North, South, and Corbin halls for the purpose of discussing religious subjects.

FOOTBALL MANAGERS  
TO BE CHOSEN SOON

Applications for four assistant football managers must be presented to Central Board by Tuesday, March 29. Two of the managers selected will work with the frosh team while the other two will work with the assistant manager.

Previously the management has been chosen through the rotation system, but these four men will work on the same basis, the University manager being chosen from the four.

MILWAUKEE MECHANIC  
TO ADDRESS STUDENTS

Ed Speers, master mechanic for the Milwaukee with headquarters at Deer Lodge, will address students and faculty members on economic and sociological factors of railroading in room 116, Library, Friday afternoon at 2 o'clock.

Pool and Lake Successfully  
Support Negative of  
Prohibition Question

Montana won the debate from Utah Agricultural college last night in the Little Theater. The decision was given by one expert judge, M. H. Marshall, president of the Missoula Rotary club. The question was, Resolved, That People Are Justified in Breaking the Prohibition Act. Montana had the negative of the question and was represented by Edward Pool as first speaker, and Ernest Lake, who gave the rebuttal and conducted the cross examination for Montana.

The Utah speakers were Ronald Flamm, first speaker, and Leland Skanich, who gave the last speech and did the questioning for Utah. H. G. Merriam, professor of English here, was the chairman.

The debate was given in the Oregon style which has proven so popular here. The judge explained his decision point by point and said that although he considered only the merits of the arguments and not his personal feelings in the case, he believed that the Montana men had the best of it. He said that he considered Mr. Skanich, second speaker for Utah, as the best debater. He gave the first cross examination to Montana and called the second one something of a draw.

## Oregon Style Used

This is the second Oregon style debate held here this season and they have proved very popular. In this system there is one twenty-minute speech and one ten-minute rebuttal for each side and one of the men of each team questions one of the other team for ten minutes. This makes 80 minutes of speaking, interrupted by the cross examination, which speeds the debate and makes it more interesting to the audience.

Joyce Memorial Call  
Issued by Merriam

Joyce Memorial entries for 1927 must be left with the English department by April 18, is the notice issued by H. G. Merriam, head of English. Contestants may submit up to three of any of the following: Sketch, essay, short story of poem.

The prize was established in 1919 by Matthew M. Joyce in memory of his wife. Two hundred dollars in the form of a medal or otherwise is to be awarded to the winner, at his option.

Winners in former years include: 1919-20, Eugene Frohlicher and Lillian Woody; 1920-21, Don Stevens; 1921-22, Ila Benjamin; 1922-23, E. E. Ericson; 1923-24, Fred Gilsdorf; 1924-25, Elsie McDowell.

AUDREY DEIGHTON RETURNS  
TO SCHOOL SPRING QUARTER

Audrey Deighton, '25, Whitefish, has returned for the spring quarter. Miss Deighton is doing three weeks of concentrated study in the Pharmacy school preparatory to taking the state pharmacy examinations in Helena next month. For the past two years she has been employed in a Whitefish drug store.

TRIANGULAR MEET PLANNED  
FOR GIRLS' SWIMMING TEAM  
WITH AID OF TELEGRAPHY

Betty Peterson, manager of the women's all-star swimming team, has completed arrangements for the triangular telegraphic swimming meet to be held here April 7. The women's swimming teams of O.A.C., Illinois Wesleyan and the University will take part in the meet.

The girls will run off the 100-yard dash, the back stroke, the breast stroke, the underwater swim, the plunge for distance and a free style race; the results of the events will be wired to the other contesting schools.

The members of the Montana team are: Ruth Nickey, Frances Nash, Isabelle Lentz, Dorothy Kiehl, Unarose Flannery, Lois MacMahon, Stella Skulason and Betty Peterson.

## Portland Pastor to Speak

Dr. Clement Clarke of the First Congregational church, Portland, nationally known in religious circles, will address the Montana Congregational conference at its meeting in Missoula, April 26-28. Among the speakers for the state conference are Dr. C. H. Clapp, Dr. P. W. Dierhauer and Dr. Wendell Peterson.

### Spring Again!

**A** GAIN, after a brief vacation, students find themselves in the harness for the spring quarter. Examinations are a thing of the past, cramming is the last thing in the average students' minds right at this moment. This winter quarter is over, grades are out and after the usual amount of extra conversation, everyone will be again settled for the best quarter of the school year.

The spring quarter brings many former students back to the University. While the exact registration figures are not known, it is thought that the student body will be a bit larger for the spring session. Many, however, were given a ticket for home after completion of a disastrous winter period. Less than a week ago a University messenger could be seen darting around from house to house leaving little notes which informed the receivers that their services were no longer needed at the University of Montana.

Much may be found on the activity list for the student body this quarter. Aber Day will occupy front place until sometime during the coming month; track meets and baseball contests will soon find their way into spring sport activities; then, comes the annual ASUM election, the primary of which will probably be held sometime in April, the final election being held between the first and fifth of May.

The coming student election is something that all students might well be thinking about. In less than a month they will no doubt be voting for their choice for student officers which will carry on the work of the student body. Student elections at Montana could well be given more attention by the student body. It is the earnest desire of the present ASUM officers that students take an active part in this spring campaign and make this election not only a success in the number of votes cast, but

Editor's Note: The Montana Kaimin welcomes communications from students, alumni or faculty members at all times. The Kaimin is a student newspaper and it is our earnest desire to keep it as such by bringing it closer to student problems and student needs, through this column.

### Princeton's Council Resigns in a Body

Princeton, N. J.—(IP)—Declaring that the action of the university trustees in banning student autos at Princeton is an encroachment on student government, the senior council of the university last week resigned in a body. The 15 members voted unanimously in support of a resolution taking this action in the form of a letter addressed to the entire student body.

Members of the council emphasized the fact that they were not fighting so much for the right of the students to own and drive cars as for the principle of student government.

Following the action of the senior council, the Daily Princeton advocated a general referendum of the student body to determine what type of government it wants—government, as in the past, by the senior council, government by a council representative of the entire undergraduate body, or a return to the old government by the administration of the university.

### Students Take Forest Exam

Four Forestry school students took the civil service examination for Junior Range Management Wednesday morning. Those who took the test were: Don Shaw, Al Roemer, Briggs Lund and Carter V. Rubottom. It was a seven-hour examination.

also a success in the amount of enthusiasm aroused.

### Suicides and Generalities

**S**OME fifteen or sixteen college students have committed suicide in the past few weeks. The suicides can be counted, but the generalizations which they have generated are as innumerable as the idiots who can break into newspaper print. On successive days of one week the suicides were variously attributed, by "authorities," to the study of philosophy, love affairs, failure in scholastic work, atheistic teaching in colleges, degeneracy of modern youth, and so on ad nauseam. Even college professors, who are old enough to know better, joined in the orgy of explanation of all the suicides by single theories.

The fact that none of the generalizers could know the real facts of every particular case, or that few knew the real facts in any one case, was not of the slightest hindrance. The possibility that every one of the suicides had a different cause, if it occurred to the ready analysts, was barred by the Union of Amalgamated Generalizers as illegal. That the causes of the suicides of these students might not have the slightest connection with colleges or things scholastic was not even considered for a moment.

This is not written as a defense of colleges or college teaching. What we are striving to point out is the unadulterated assinnity of the generalizations made in this particular instance, and of the many more generalizations of which they are typical. Is it any wonder that the public conception of college men is often limited to two pictures; an irresponsible young animal bounded on all sides by a raccoon coat, or a quarter-baked member of the intelligentsia who spouts abstractions.

The sorriest aspect of the matter is the tendency of some college professors to generalize, with little more basis than in the illustration given above, on the current college generation. That most of these generalizations concern demerits rather than merits does not help much. We should like to point out in passing that it has been our experience that most of the undergraduates who inspire these generalizations think they are true—about the rest of the students.—*Reserve Weekly.*

It occurs to us that the officials of the University might well make it worth while by inviting our Self-Made Diplomat, Mr. Will Rogers to deliver us a 11 o'clock convocation, thereby saving some of the students a \$2 bill.

Early this week as the University messenger was making his rounds of fraternity houses informing certain members that they need not return for the short quarter, the following was heard: "Hey, John (calling freshman brother) there's a letter here for you."

Optimistic Frosh: "What—numerals here already?"

### TIMBERMAN PUBLISHES DORR SKEELS' ARTICLE

There appeared in the February issue of the Timberman, an article written by Professor Dorra Skeels, entitled, "Compulsory Slash Disposal in Montana." This article is particularly interesting and especially instructive since, in it, are contained many points and laws which have just recently been passed under House Bill No. 150.

Mr. Skeels states, "Unquestionably piling and burning is the method of slash disposal that most effectively reduces fire risk. It is also the method of burning slash that results in least damage to young growth and it is the method of burning most easily controlled."

### FORESTERS MAKE MAPS OF AERIAL PHOTOGRAPHS

The class in Forest Mapping has completed during the past week several maps of aerial photographs. Two weeks ago this class spent a Saturday down at the Forest Service obtaining the information with which they have been working on these maps.

The work on the maps has been done in detail, working up timber types, age, classes and various other features, such as roads, trails and topography.

Esmond Riberdy, St. Regis, has entered school.

Lynn Stewart is able to attend classes after a short illness.

BY PINCH HITTER  
Have you heard the one about "Why is a hen?" All right, we won't tell it then.

"Two university men in schooner wreck," says the U of Wash Daily. Huh! that's nothing. Schooners get wrecked oftener than that right down at the Missoula club.

"The time is not yet ripe for co-education on the high seas," says Governor Henry J. Allen, of Kansas, in commenting on the first university world cruise. Yes, gov, and we sometimes wonder about its advisability in the high states.

A good way to discourage a man's belief in dreams is to let him marry one.

Is this movie tryout stunt "College Humor" is supervising, merely another way of trying to be funny or what? Looks to us like the biggest joke of the year. Yup, they're coming to Montana—get ready, sheiks.

Our Girl  
Wants to know if Sparks runs the radio station.

Montana debaters swamped the Utah Aps. last night in the discussion of the more or less well known prohib. question. Suppose it was due to the fact that Montana was represented by Poole and Lake. Sort of an inundation as it were.

Strike—Out!  
The baseballer,  
He has no fear,  
He lays down wondrous pitches.  
The ball he socks  
Out in the rocks,  
He wears grey short-legged britches.

When scores are rare  
He tears the air,  
And up his gallus hitches,  
He chews Climax,  
The air he whacks,  
And retires to the ditches.

### SMITH LEAVES SCHOOL ON BROTHER'S ILLNESS

Sylvester Smith, who was recently appointed assistant track manager for the coming track season, has been forced to leave school because of the illness of his brother. His departure leaves a vacancy in the staff of track managers that must be filled. Central Board has asked that applications for the position be turned in before the next board meeting which will be held Tuesday, March 29, as a successor is to be named at that time.

### Rio Rita

Here's a sleepily-fiery Spanish number, drowsy with subtle romance, sudden with quick tango rhythms that glide in and out of its fox-trot cadences. Both sides of the record are from Ziegfeld's big-time show, "Rio Rita."

Come in and hear all these new Orthophonic Records—soon!

## GRIZZLY DEBATERS WIN IN CALIFORNIA

Houglund Leaves for Los Angeles to Join Team for Other Contests

Montana's debate team, now on tour in California, won their first debate of the trip from the University of Redlands, at Los Angeles. The decision was given by one expert judge on the question, Resolved, That the Eighteenth Amendment Should Be Revised to Allow the Selling of Light Wines and Beer. Montana, represented by Acher and Aronowsky, had the negative of the case. This was held March 21.

The traveling team lost the next debate, which was with the University of California at Los Angeles. This was an expert judge decision, Acher and Aronowsky having the negative. The question was, Resolved, That Mussolini Is a Benefactor to Italy. This was held March 22.

The University of Southern California debate was not for a decision.

Haugland and Aronowsky had the affirmative of the question, Resolved, That Foreign Nations Should Withdraw All Governmental Interference From China.

Debate at Los Angeles  
Last night Acher and Haugland debated at Southwestern in Los Angeles on the negative of the Eighteenth amendment question. Tonight all three of the men will meet Loyola college at Los Angeles on the same question, having the same side of the argument to present.

Herbert Haugland, who was in St. Patrick's hospital last week with blood poisoning in his leg, was able to leave for California Monday morning to meet the rest of the team at Los Angeles. He was able to get around with the aid of a crutch when he left.

This trip is the longest ever taken by a Montana debate team. It is through the states of California, Nevada and Utah, where 10 debates are held. Eight of these are for a decision and the Montana team has the negative in eight of the meetings.

Alpha Xi Delta announces the pledging of Virginia Schwin and Gertrude Bailey, Red Lodge; Vivian Allmond and Ruth Behner, Glasgow; and Edith Kester, Valier.

## ...Society...

The Social Week on the campus was fairly quiet. Many of the University students were spending the short between-quarters vacation at their homes, but those left here entertained with "firesides," "at homes" and other forms of dances.

Members of the Sigma Chi fraternity entertained at a fireside, Friday evening at the chapter house on University avenue. Dancing and refreshments were enjoyed by about 30 couples, including representatives from other fraternities. Mr. and Mrs. Gilbert Porter chaperoned the affair.

Sigma Alpha Epsilon fraternity members gave a pleasant fireside at their chapter house, Friday evening. The evening's pleasure included dancing and late refreshments. Mr. and Mrs. J. W. Severy and Mr. and Mrs. I. W. Cook were the chaperones for the event.

A delightful informal 5 o'clock birthday dinner was given by the alumnae chapter of Kappa Kappa Gamma Sunday evening at the chapter house.

Members of the Alpha Chi Omega sorority entertained at a fireside Monday evening.

Members of Delta Gamma who remained at the chapter house during vacation entertained at a bridge party Monday evening at the chapter house on University avenue. Refreshments were served at the Blue Parrot.

Kappa Alpha Theta entertained Mrs. Ruth Abbot Jones, national visiting delegate of Alpha Phi from Detroit, Mich. Mrs. Dobson, Alpha Phi house mother, Miss Emma Quast and Adelaide Davis of Great Falls Wednesday evening at an informal dinner at the chapter house.

Kappa Alpha Theta entertained pledges and actives at a waffle breakfast Sunday morning at the chapter house.

Saturday evening the girls of Corbin hall entertained their guests at a fireside.

Alpha Delta Alpha entertained at a fireside Monday evening by way of celebrating the receiving of the telegram announcing the granting of a Kappa Sigma charter to the local chapter. Sheridan's two-piece orchestra furnished music. About 20 couples were present. Lieutenant and Mrs. La Croix acted as chaperones.

Stella Skulason, president of Alpha Xi Delta, was hostess at a delightful evening of bridge at her home, 616 Woodford street, Saturday evening, at which time she entertained her sorority sisters. Several musical numbers were included in the evening's entertainment.

Alpha Xi Delta gave a "movie

ROBERTSON TRACES  
RELIGIOUS HISTORY

Convocation Speaker Outlines Progress of Christianity in Relation to Science

Dr. E. P. Robertson, president of Wesley college of Grand Forks, N. D., delivered an address before a large body of students in Main hall auditorium yesterday morning at 11 o'clock. His talk was centered upon Christianity and Progress in relation to Science.

With an illustrated chart, Dr. Robertson explained his outline of the advancement of religion in accordance with science as periods and individuals expanded. "The people at the time of Columbus had their own ideas of God and his making of the earth," said Dr. Robertson, "but as time went on the people became more educated and accustomed to the intervening of science, which seemed to explain the whys and wherefores of so many things that seemed to occur from imaginary beings."

He gave a short history of the rise of early beliefs their founders and why they created the different phases of religion, how the individual began to recognize what he wanted in his religion as it was a prime factor in his life; what the strife was that severed the several connections of the churches and the coinage of evolution. Soon all of this uprising and strife, after hundreds of years, has taught the human race what it has attained in its present system of conducting its religious affairs and to what degree of importance it has risen.

UNIVERSITY STUDENTS  
TOUR WITH SHERIDAN'S

Lamar Dickinson, Maurice Driscoll, Harold and Clyde Hunt, University students, returned to Missoula Wednesday morning after taking a five-day trip with Sheridan's Green Slicker orchestra. The orchestra played dance engagements in Hamilton, Post Creek, Kalispell and Polson, and appeared in an American Legion vaudeville bill in Kalispell, Monday evening.

The "Green Slicker Boys" will make a trip to Phillipsburg, Anaconda and Butte this week-end.

LESLIE VINAL HEADS  
WAA FOR NEW YEAR

At the annual election of WAA officers, held Thursday, the following girls were elected: Leslie Vinal, president; Thelma Bourret, vice-president; and Gertrude Tebo, treasurer. Virginia Griffith and Genevieve Clay tied for secretary, making another vote on that office necessary.

Miss Vinal has been selected by the executive board of WAA to go, as this school's representative, to the national WAA convention to be held at Ithaca, N. Y., the 20th and 21st of April.

The new constitution, which was lately drawn up by a committee of four, was adopted by a vote of 33 to 1.

## Sullivan Returns

FORESTERS DESIRE  
SONG CONTRIBUTIONS

Nelson Fritz, chairman of the Forestry school song contest, expresses regret at the lack of songs that have been turned in to him. They had hoped to close the contest by the end of March, but the way things look now it will have to run another month.

There seems to have been some misunderstanding in the rules for the contest. Many are under the impression that only forestry students are eligible to compete but it is hoped that any student or faculty member on the campus, who is musically or poetically inclined, will offer his contributions. Prizes in either cash or material goods will be given away.

## Glee Club Makes Profit

Profit on the Varsity Glee club's home concert amounted to \$119.75, according to the report of the student auditor. This amount is to be used to defray deficits incurred by the club on its state trips last year.

Carrier pigeon  
to carrier current  
—and then some!

IN the field of communication great strides have been taken—and greater will be taken. And just as the carrier current in telephony is an infinitely better vehicle for communication than the carrier pigeon, so new and greater developments lie ahead.

Today, as never before, this field offers an opportunity for constructive work in design, purchasing, manufacture, finance, distribution and other phases. In short, a many-sided field of work in which the ultimate horizon still lies far beyond any present view.

# BASEBALL CANDIDATES REPORT FOR TRAINING

## MILBURN FINDS JOB IN DEVELOPING TEAM

Baseball Prospects Poor; Infield Has Large Gaps, With Pitchers Lacking

For nearly two months, baseball fans have hearkened to the sound of wood on leather as it comes from southern training camps over the radio, but now the northern enthusiasts have the chance to witness spring training as an actuality. Coach Milburn has called his Montana diamond performers and the men are working out daily, slightly hampered, it is true, by occasional blizzards, hail storms and cyclones that stray in from Hell Gate's wide-open mouth.

The candidates have spent the last two days engaged in throwing out joints rendered stiff and clumsy by the frosts of Montana's balmy winters. Snappy infield practice and a long session of work for the gardeners completed yesterday's program and the men showed ambition and improved form as they scampered through the workout. Two veterans return to bolster the outfield and Major Milburn must find a diamond performer who is possessed of the correct type of eyesight required to locate the sphere as it gyrates in a peculiar manner in the sky. This youth also must be gifted with a pair of hands which are reluctant to release the aforementioned ball when it finally comes to rest.

It finally comes to rest. From which to pick the missing outfielders, Milburn has the following men: Robert Callaway, Butte; Frank Lindley, Boulder; Elmer Traxler, Missoula; Boynton Pickett, Twin Bridges; Byrd, Gillespie, Matthews, Chatterbox, Higham, Robertson and Callison.

The infield presents a more serious problem. Late last spring, a number of reliable diamond pastimes seized hard-won sheepskins and departed hurriedly, leaving large gaps in the infield as well as other positions. To fill the gap, Coach Milburn has unearthed several athletes who, until this year, had remained entirely away from the diamond. These men will be groomed to replace those who have left to earn their daily bread, or whatever it is they do when they leave college. Of these men, Reeder, Fehlemer, Chinske, Roghien, Hodges and Paige appear to be the most promising. From this group, Milburn will build his 1927 infield.

The pitching staff is cause for more conjecture. Brown and Rafferty are capable hurlers, but they must have understudies who may be depended upon to carry some of the burden of projecting the sphere. To bolster the hurling corps, the Montana men must develop the men from the fresh sounds of former years and a few of the men who have, as yet, not tried out.

## Officers to Enlist Men for Marine Reserves

Captain Clifford B. Bates, U. S. Marine Corps, and Lieutenant Commander Earl C. Carr, U. S. Navy, will arrive in Missoula Tuesday, March 29, to enlist men for the regular marine corps and for the U. S. marine corps reserve. A temporary office will be opened at the Crystal pool, Smead-Simons building.

Men enlisting in the marine reserve can only be called out in case of war or national emergency and cannot be called for strikes, riots, expeditions, etc. A man enlisting in Class VI may, upon this, own application, be assigned two weeks' training at San Diego, California. The marine barracks there are the most modern and beautiful in the world. Transportation, berth money for meals in canteen, uniforms, subsistence, medical attention and pay while on active training is furnished the recruit.

Twenty-Nine Examined  
Captain Bates stated upon leaving Missoula last week that 29 men were examined by Dr. Carr for the reserve and 13 passed physically, the highest per cent of any city that he has recruited in. They were all fine young men and it is a pleasure to get such high types of men in the marine reserves. It is the intention of the marine corps to train these young men and release of war, they will be the ones that will be given the opportunity to qualify for a commission. Also, men in Class VI, under 20 years of age, may be appointed to the naval academy at Annapolis, Md. If they apply for an appointment and pass the required examination.

Men desiring advance information can see Lieutenant Edgar McLeade at the Crystal pool. Lieutenant McLeade served with the noted Fifth regiment of Marines during the late war and is now a lieutenant in the marine corps reserve.

"Perk" Spencer, a former University student, who was at the University of Montana, has returned to school.

## SPORT GLIMPSES

With the beginning of the spring quarter, the Grizzlies enter their toughest athletic program.

Coach Stewart is pushing his men hard for the quadrangular meet which will be held at Spokane April 23. The track material looks promising and prospects are good for another big season for Montana.

Major Milburn, Montana's new baseball coach, called his men outside for the first baseball practice Wednesday afternoon. Major Milburn has a job building a winning nine out of new material. Only five veterans are back for the 1927 team.

Los Angeles A. C. defeated the University of California 85-46 in a track meet last Saturday afternoon. California failed to show any exceptionally fast material during the meet. California is better fortified in the middle distance races although Montana has better men in both events. The 440-yard dash was copied by the Bears in 50 3-5, and the half-mile in 1:58 4-5.

Charley Paddock, former University of California star, won the 100 and 220 for the athletic club. The time for the century was 9 4-5 seconds.

Stanford got over its jinx last Saturday and swamped the Olympia Club of San Francisco, in a track and field meet by a score of 103-28. Barber was the best man for the Olympics, winning both the 100 and 220. Sweet, former Montana athlete, was not entered in the meet.

King, Stanford, will probably better the collegiate record in the high jump. He made 6 feet and 6 1/2 inches last Saturday and barely missed going over 6 feet 8 inches on three tries. King had a bad foot last year which prevented him from topping the old record.

Stanford is strong in the hurdles and 440. It won the dash event with the timers catching the first man at 39 3-5 seconds.

The Hillyards Chemical Co. again won the A. A. U. basketball tournament which was held at Kansas City. This is the second consecutive year that this team has topped the championship.

Jimmy Charteris, former Great Falls high school athlete, and national intercollegiate champion in the half-mile two years ago, is captain of the 1927 Washington university track team.

Following is the track schedule for this year:

April 15 and 16—Interclass meet.

April 23—Quadrangular meet, Spokane; W.S.C., Idaho, Montana, Gonzaga.

April 30—Washington Relay Carnival, Seattle.

May 7—Idaho at Missoula.

May 14—M.S.C. at Missoula.

May 20—W.S.C. at Pullman.

May 27, 28—Northern division Coast conference meet, Corvallis, Oregon.

June 3, 4—Pacific Coast intercollegiate meet, Los Angeles.

June 10, 11—National intercollegiate meet, Chicago.

Baseball schedule:

April 29, 30—Idaho at Missoula.

May 1, 5—Idaho at Moscow.

May 6, 7—W.S.C. at Pullman.

May 9, 10—Gonzaga at Spokane.

May 20, 21—W.S.C. at Missoula.

M.S.C. dates have not yet been arranged.

## Real Class Displayed in "M" Club Tournament

Clever wrestling matches and give and take boxing bouts with a good exhibition of fencing made the fifth annual "M" club boxing and wrestling tournament about the best that the Montana lettermen have sponsored. Andrew Cogswell, manager, also reports the event a success financially.

A good sized crowd was present to witness the grapple tussles and the fistie battles. Five boxing and five wrestling events and a fencing match completed the card with an added feature boxing event between Roger Deeney of Butte and Joe Cochran of the University. Doc Schreiber refereed the wrestling matches and Bill Kelly handled the mitt slingers. Major Frank W. Milburn presented the medals and the cups. The judges were Fay Clark, J. W. Stewart and Dr. J. Scott.

Winners of the wrestling bouts were: V. Stepanoff threw Franklin Spencer with a body scissors and a half nelson. Stepanoff won a fall from Al-

## Forester and ROTC Rifle Teams to Shoot for Bradley Trophy

Rifle firing for the year will be over when the Forestry school team fires against the ROTC team about the first of April. The soldiers' team has already fired and has turned in a formidable score for the foresters to shoot against. The winning team will be awarded the Bradley trophy for this year. The Bradley trophy was offered by Major George L. Smith, formerly in charge of the ROTC unit here.

The culmination of this match will top off a very lively season in rifle firing both for men and women. The Bradley trophy is a three win cup and goes to the team winning it three times.

The trophy is a beautiful all-silver column resting on a heavy wood base. The column is supported by two pillars leaning against it and is surmounted by the figure of an Indian, symbolizing the spirit of rifery.

## UNIVERSITY GLEE CLUB APPEARS AT KALISPELL

Members of the Glee club, accompanied by DeLoss Smith, director, and Miss Bernice Berry, accompanist, left Missoula this morning for Kalispell where a concert will be given tonight.

The program will consist of club numbers, vocal selections by Mr. Smith, instrumental selections by Miss Berry and "Alton Bloom" and "Pinafore." This program will be repeated at Polson Saturday evening. The club will return to Missoula Saturday night.

WORK ON CRAIG HALL IS PROGRESSING RAPIDLY  
Floor steel for Craig hall has been received, and the work is progressing rapidly. The hall will be completely remodelled and ready for occupation early this summer.

Work on the grounds around the new Francis Corbin hall will begin as soon as it becomes a little warmer. Ground leveling will be done and grading for the lawn will be done.

## STEWART NEEDS FIELD MEN TO ROUND OUT CINDER TEAM

## ADAMS NOW DIRECTS FOOTBALL PRACTICE

Varsity Squad Resumes Work for Two Weeks; New Men Get Chances

Spring football practice was resumed Wednesday, after a short rest between quarters. Now that Major Milburn has taken charge of the baseball squad, football will be under the direction of Harry Adams.

The squad is being coached in the fundamentals of the game, along with calisthenics. They are being coached in tackling, blocking and form. They are also experimenting with a new offense, as well as with new plays. Several men of last year's fresh squad are being given a chance at positions. Clark and Keres are being tried at halfback.

The squad will have two more weeks of work, practice ending April 9. Freshmen and sophomores are taking spring football for physical education credits will continue until May 1.

## One Year Ago

Every student will serve as a proctor at the winter quarter examinations. Students are forbidden to report all cheating and to neither give or receive assistance in any way. Any violations will be reported to the disciplinary committee which is composed entirely of students and which will recommend punishment.

Plans for conducting examinations in this way were completed today by a three-week executive session. The joint committee is composed of faculty members and students. The proposed plan is, however, temporary and it has been recommended that a permanent resolution should be presented when the system has been worked out.

Authority of the state board of examiners has been given the local board of the State University to borrow \$50,000 for construction of a new residence hall.

The hall is to cost approximately \$110,000, and the approval of the board of examiners is given on the understanding that payments of the loan will not be an obligation of the state or the board of education or board of examiners.

Walter DeGarmo, University of Washington, is a visitor on the campus.

Andy Cogswell, Henry Bailey, Chester Onstead and Martin Coen returned from Great Falls Thursday.

## Dash Men, Runners Show Promise; Cold Weather Is Handicap

Montana's cinder artists have been working outside for the past two weeks, with the track in fair condition, thus enabling Coach Stewart to give special attention to the necessary talent. Some 45 men have been reporting daily.

The turnout is centered around the track events, while the field activities are not so crowded. Much material is needed in the weights, although Graham, Kilroy, Shultz and Harmon are men of the desired type, though lacking experience. Graham was out for the discus last year. Among the jumpers are Nelson, former Willow Creek high student, who helped set a new high jump record in 1925. To support him are Mowatt and Krogg, both good jumpers. Those out for the hurdles are Coyle, James, Haines, Anderson and Rankin, while Clarence Spaulding is alone in the high hurdle class. The sprints are well supplied with candidates, the most promising material centering on Coyle, last year's artist, and Claude Samples, with Miller, Kain and a few others as possibilities. There are several sophomores out for these events, who have shown considerable speed.

The middle and distance runs are fairly well balanced as most of the talent is from last year's squad, while the other remaining events are in good condition.

Many Candidates  
Those who have reported for track are: Coyle, Miller, Spaulding, Samples, Harmon, Gillette, Kilroy, Davis, R. Davis, Stanton, Adams, Tysel, Haines, Pierce, Bessey, Gaughan, Skow, Graham, Kilroy, Shultz, Anderson, T. Davis, Mowatt, Nelson, Huber, James, Garlington, Edgington, Rankin, Kain, Robinson, Ross, Tierney, L. Wendt, Flynn, Krogg, White, J. Wendt, H. H. Higham, McCarty, Dwyer and Haines.

The track is slowly being placed in shape with the arrival of spring, and the squad should have good weather in which to continue their practice. Coach Stewart is working hard to get the men into shape. Much stress

is being laid at present on starts, new material is showing up well form and driving speed. Most of this early stage of the season.

## Look to Your Hat Everyone Else Does

A smart new Hat—and a man experiences a sense of smart grooming!

WE DON'T sell "mere lids" or just "head coverings"—our Hats have an air of smartness, that distinguishes quality, that perfection of proportions—that give them preference among all men of taste.

## Our New Wonderfelt Two-Tone Hat

The latest expression of style for young men. In such attractive shadings as "foam, nacarat, nutmeg and holly" and "black and white." \$6
